NAVIGATOR PORT

“For Masters by Masters”

Navigator Port is the market-leading software that simplifies port clearance procedures and helps the Master and his officers to prepare port papers in seconds instead of hours. The system provides up-to-date information on legislations and requirements necessary during a voyage.

Purpose

Navigator Port is often referred to as the “Captain’s best friend”. The time spend on paperwork can be reduced by as much as 90%. This enables the Master and his officers to focus more on what should be their primary responsibility, safe and sound navigation. We are proud that Navigator Port is in daily use on board 3000 ships worldwide. In many ways, we owe this success to all our dedicated users and their constructive feedback enabling constant product updates and innovation.

Features

- All world ports and terminals, including up-to-date nautical publications and data from sources such as UKHO, IHS Markit
- More than 1,400 port clearance forms with ship’s and crew information already pre-filled
- Pre-arrival checklists for major ports
- A useful nautical library providing up-to-date maritime-specific information
- Relevant data logs for rapid forms reporting
- Master’s notes for port-specific knowledge

- Additional modules for work & rest recording, passage planning, and a web-based portal for fleet monitoring onshore.
- Environmental documentation and reporting
- Detailed reference to relevant regulations - national, regional and international

Benefits

- Save time and money - paperwork is reduced from hours to seconds
- Improve safety, quality and ease of compliance with regulations and demands from stakeholders such as charterers and PSC inspectors
- Contribute to crew satisfaction by reducing workload and improving efficiency
- Have at your finger-tips regular updates of port clearance forms and other nautical information
- Share information easily with other systems like crewing systems, gangway control systems and ECDIS
